

## NOW BEST-TIME TO REGISTER IN SALES CAMPAIGN

Better Opportunity Offered  
Those Enlisting During  
Starting Week.

(Continued from Page One)

There will be no time during the campaign when new subscriptions will earn as many credits as they will between now and July 5.

Every member and every prospective member should turn to the full page advertisement in today's issue and read over this big offer carefully, as it is of tremendous importance to every worker. Those who do well during this first period of the campaign will have such an advantage that it will be a hard matter for others to overcome the lead later on. As explained in the opening announcement, the campaign is divided into four periods and during each period extra credit offers will be made, however, the present period is by far the most important one and one which should be taken advantage of to the best of every member's ability.

**Time to Enroll.**

This is the logical time for those who have been considering entering to jump into the race and make a showing. Never again will there be such an excellent opportunity to get a running start. As explained before, the awards are made on a competitive basis and so what every member is looking for is credits, the more the better. The time to put forth the biggest effort is when subscriptions count most. Those who do not understand any part of the campaign should call at the office, telephone or write. The Salesmanship Club department of The News-Times for full particulars.

There are two good reasons for entering extra effort between now and July 5. First, because new subscriptions earn more credits than any other time during the campaign. Second, because effort during this first period counts toward two awards. The same subscriptions that are earning credits toward a main award will also count toward the extra award. As it has been announced before, one of these \$200 extra awards goes to the member in South Bend or Mishawaka who earns the most credits up to July 5, while the other goes to the member outside of South Bend or Mishawaka who makes the best showing during the same time.

The names of all who have entered up to Tuesday noon will appear in Wednesday's edition of The News-Times.

## SENATE AND HOUSE IN RACE TO OUTLAW BEER AS MEDICINE

(Continued from Page One)

It would be put through the house and then to the senate. The names of all who have entered up to Tuesday noon will appear in Wednesday's edition of The News-Times.

Introducing his bill, Sen. Willis said he was actuated by "the discussion and delay concerning the bill pending in the house." In addition to prohibiting the prescription of beer as medicine, the measure would provide that not more than the same amount of alcohol in wine may be prescribed within 10 days than is now authorized for medicinal purposes, which is one-half pint.

Other provisions of the bill would prohibit the prescription of more than 10 prescriptions within 30 days to any physician for the use of spirituous or vinous liquors as medicine unless an emergency exists; would prevent the further manufacture and importation of whiskey or spirituous liquors but not alcohol; and would reduce the tax on beer to a point where it would meet the needs for non-beverage purposes and would give the courts in Hawaii and the Virgin Islands jurisdiction to enforce the prohibition act.

**Immediate Need.**

The passage of my bill does not mean there is no need of other provisions of the house bill, but there is some division of opinion on this and I am introducing this bill in order to give congress an opportunity to meet the medical beer situation which must be taken care of immediately if the breweries are not to open up again. While it is true that state laws prohibit medical beer in three-fourths of the states, still if the breweries open in the other states it will be harder to enforce the law.

Intended of the introduction of the Willis bill, Mr. Volstead said: "If it is passed in the senate, I shall be glad to do anything I can to secure its prompt passage in the house. That does not mean, however, that I intend to abandon the other provisions of the house bill as I consider them of vital importance and necessity under the circumstances."

## OIL MAGNATES IN PROTEST TO SECY HUGHES

(Continued from Page One)

any action would be taken. The delegation included more than a dozen representatives of the various oil companies mobilized by the Association of the Producers of Petroleum in Mexico. At its head was E. L. Doheny, president of the Mexican Petroleum company and the Pan-American company. The principal verbal argument presented in support of the statements contained in the memorandum was made by C. O. Swain, general counsel of the Standard Oil company of New Jersey, which has a subsidiary company in Mexico. The oil operators argued that

## Two "Cool" Costumes

The military influence still clings to fashions. On the left is a new military three-piece sport suit of white braided mallesse and American beauty charmeuse. This effective hot weather costume with hip-length cape and scarf collar has an original touch of American beauty bands worked in the laces over the hips. The big leghorn hat is relieved by the American beauty charmeuse. Miss Martha Mansfield, Selznick star, wears this Madame Kahn creation. The cool cornflower blue changeable maquette, on the right has a very attractive yoke formed by French ribbons. The hand-made flowers sprinkled over the gown give a real summer suggestion. Miss Mansfield wears with this costume a cornflower chiffon hat with colored ribbons around the crown, forming a rosette on the right side.

## WIFE OF NAPPANEE BANKER SUCCUMBS

Mrs. Fred Coppes Dies of Injuries Received in Accident at Home.

GOSHEN, Ind., June 20.—Mrs. Fred Coppes, 37, wife of a banker at Nappanee, is dead, the result of an accident that is puzzling to physicians. While walking in the yard at her home, Mrs. Coppes stepped into a small hole and received what was believed to be a slight injury. She walked two blocks to her mother's home, and a physician expressed belief the injury was inconsequential. Less than 24 hours after she fell, Mrs. Coppes collapsed and died within a few minutes. Surviving are her husband, her parents, one brother and one sister.

Seventy-five persons are attending the annual school of instruction for Episcopal church workers of the Northern Indiana diocese, which opened at the South Shore Inn, Lake Wawasee, Monday morning, and will continue throughout the week. Rev. Young, of Howe, Ind., and a corps of New York instructors are in charge of the school.

Bringing his Spanish bride, formerly Senorita Gandahipe Landeros, an interpreter and a Mexican girl to Goshen, Merrill Knapp, of this city, formerly a soldier in the United States army, motored the 2,110 miles from Tucson, Ariz., to this city in 11 days. After visiting the groom's parents, the party will motor back to Tucson, where Knapp is employed.

## SCORES ALLIED DECISION FOR ALAND DISPUTE

(Continued from Page One)

Aland island question. The hearing was public out of deference to Mr. Branting, who had fought for publicity of the league proceedings in the assembly last December.

In the afternoon the council took up the German complaints against the Saare valley governing commission. Later the council closed its doors and decided to make its deliberations public only after all the representatives of the press had left league headquarters.

During the course of the day the members engaged in a sharp controversy over publicity, several of them demanding open doors, which was opposed stoutly by the Italian delegation. When finally the council made up its mind to give out its deliberations on the Saare question there were no more representatives present.

After Mr. Branting had scored the Aland islands commission and Mr. Elkus in particular for his attitude on the question, the Finnish representative, M. Enckle, declared that he would never consent to a joint decision, which will probably be announced before the end of the session. All indications point to its being favorable to Finland.

M. Rault, president of the Saare valley governing commission, replied to the German complaints on the territory and also the expulsion of German functionaries connected with the strikes in August, 1920, and the use of French money in the territory. M. Rault declared that troops were necessary to protect lives and property in case of trouble, such as was likely to develop from strikes similar to those which the functionaries attempted to foment last year.

Concerning the use of French money, he said it was to the interest of the people themselves to prevent loss in the exploitations of mines and to prevent a deficit in the Saare budget.

## SCHOOL BOARD TO AWARD CONTRACTS

Consider Bids on Supplies and Equipment—Employ Two New Instructors.

Discussion of bids submitted to the city school board for contracts supplies and improvements in the public school buildings occupied the greater part of the time at the weekly meeting of the board held in the school administration building last night.

Four bids were submitted to the board for the contract on redecorating the public library. These bids were discussed, although no decision will be made until the next meeting of the board.

G. W. O'Dell, contractor, was awarded the contract for weatherstripping the windows and doors of the Lincoln school building. M. R. O'Leary, purchasing agent for the schools, submitted the bids he had received for various school supplies. The bids were considered, but action was withheld until next week. Bids for the paper used in the schools were considered and the best bid on quality and price is also to be decided next Monday.

Miss McCann, who has been a teacher at the Perry school, was appointed to work entirely on Americanization classes during the next year. This position, it was said, is newly created and will be given to Mrs. McCann who will teach those classes of men and women desiring to study English, classes to be held in the afternoon and evening.

Matilda Christman, a graduate of the class of '21 at the South Bend High school, was appointed accompanist in the music department of the high school. She will assist the gymnasium director, furnishing the music for the classes.

## BILHMIER'S LAUGH 'GREETED' BY CELL

St. Joseph Man Held in Jail Here Pending Return to Michigan Town.

Otto Bilhmier, giving his address as 515 N. Olive st., was arrested Monday night by Detectives Kish and Winters and taken to the police station, where he is held on charges of forgery and grand larceny.

Bilhmier, it was said by the police, is being held for county authorities at St. Joseph, Mich., where he is charged with stealing an automobile and forging three checks.

Authorities say that he is in the business of manufacturing parts for automobiles in Michigan. He was formerly a resident of South Bend and has relatives in this city.

When arrested Bilhmier declared that he knew nothing of the affair and asked what charges he was held under. When informed of their nature, he laughed heartily, but was led into the cell by Sgt. Laskowski, where he will remain until the sheriff from St. Joseph arrives.

Pres. Oregon acted unconstitutionally when he recently issued the decree increasing the oil tax. Since there is no provision in the Mexican laws for the issuance of such a decree, except in cases where special powers have been conferred upon the president as a result of the "Suspension of Guarantees," an act analogous to martial law in the United States. The guarantees have not been suspended and no extraordinary powers have been conferred upon the president, it was pointed out. Their contention that the action was tantamount to confiscation was supported by citing a note sent by the state department to Mexico in April 1918, in which it was declared the United States would not presume to complain of taxes in another country unless they were so onerous as to give rise to the suggestion that they were in fact confiscatory.

## Wire Briefs

PHILADELPHIA, June 20.—Four masked automobile bandits held up Frederick Myers, a runner for the Mutual Trust company, here Monday, and seized a bag containing between \$5,000 and \$10,000.

Bank officials said the bag also contained securities, but the amount was not stated.

HALIFAX, N. S., June 20.—The United States Shipping Board Steamer Ozetta is in distress 200 miles south of Halifax, according to a radi message picked up here Monday afternoon. The message requested a tow to this port. The Ozetta is of 4,490 tons.

WASHINGTON, June 20.—The battleships, Arizona, Nevada and Oklahoma were Monday ordered transferred from the Atlantic to the Pacific fleet by Secy. Denby. The battleship Maryland, now under construction, will, when completed, also be sent to the Pacific fleet.

CHICAGO, June 20.—Three armed bandits held up and looted the jewelry shop of Harry Behrens on Lincoln ave. They obtained \$3,000 worth of jewels. The bandits fled in a black touring car.

CHICAGO, June 20.—Harry W. R. Gould, fugitive bank cashier from Toronto was sought in Chicago Monday by police and private detectives. Gould eloped from Toronto, May 16, with a beautiful young girl. Investigation showed his accounts at the bank were \$17,000 short.

ANDERSON, Ind., June 20.—Wachell Cruell, 22 years old, of Elwood, was drowned Monday in White river three miles from Cicero. He was an excellent swimmer but was drowned when seized with cramps. The body was recovered soon after the drowning. He is survived by a wife.

WASHINGTON, June 20.—Edwin S. Booth of Montana, was nominated Monday by Pres. Harding to be solicitor for the department of the interior.

WAKEFAN, Ill., June 20.—H. C. Reimer, a pedestrian, was arrested and fined \$7.40 Monday because he started to cross the street and bumped into an automobile. He was arraigned in police court after his injured head was bandaged at a hospital.

## PAINS IN SIDE AND BACK

Caused by Woman's Ills and Cured by Lydia E. Pinkham's Vegetable Compound

Grafton, Pa.—"I was troubled with inflammation and pains in my sides and back. After doctoring with different doctors and not getting relief, I had almost given up when my sister told me of Lydia E. Pinkham's Vegetable Compound, and knowing that she had really been helped by it, I purchased it. I was unable to do my work at that time, but after taking several bottles of the Vegetable Compound I can now do anything about the house or farm that a woman should do. I have a four months old baby that is the healthiest and biggest baby for his age that I have ever seen, and I give Lydia E. Pinkham's Vegetable Compound all the praise for my health."

Mrs. BLAIR L. FISHER, R.D. 3, Box 37, Grafton, Pa.

Working early and late—lifting, carrying, and the heaviest of household duties—it is no wonder that it holds duties in its wake and kindred ills. But every woman who suffers as Mrs. Fisher did should profit by her experience and give Lydia E. Pinkham's Vegetable Compound a fair trial.
